*AVIATION INTERNATIONAL NEWS RANKS BOZEMAN'S YELLOWSTONE JETCENTER  
IN TOP ONE PERCENT OF FBOs IN U.S.*

*Readers Ranked Yellowstone Jetcenter, Private Aviation Terminal for Bozeman's  
Gallatin Field, #13 Among Over 1,500 FBOs*

Bozeman, Montana (April 9, 2010) - Yellowstone Jetcenter, a Fixed Base Operator (FBO) at the Bozeman Airport, has been named one of the Top FBOs in North America for the fifth year in a row. *Aviation International News* readers gave the Yellowstone Jetcenter the thirteenth highest rating in North America in the 2010 FBO Survey.

"I am very happy with our clients rating us #13 in the AIN FBO national survey," said James J. Dolan, Chairman. "The rating reflects our continued success in customer service and aviation safety. The team at Yellowstone Jet Center understands the needs and desires of the private aviation client. We service pilots and passengers, our loyal base customers, one-time visitors, and members of The Club at Spanish Peaks and The Yellowstone Club with our special brand Montana hospitality. This year's rating, in which we moved up 11 places from last year, shows we are getting better every day."

"These results and this recognition of the high levels of customer service and efficiency that we offer our customers and pilots are a great testament to our Yellowstone Jet Center team," said Kent Foster, Yellowstone Jetcenter general manager. "The pilots and passengers who rate the FBOs in this survey are sophisticated, experienced, and accomplished professionals with high expectations. Our staff takes this ranking personally and works very hard year after year to make Yellowstone Jetcenter the best in the business. I'm very proud of our team. They deserve all the credit."

The survey results averaged readers' rankings of FBOs across four key categories: Line service, passenger amenities, pilot amenities, and services and facilities. There are over 1,500 FBO's in North America and the Yellowstone Jetcenter scored in the top 1%.

The Yellowstone Jetcenter ([www.ysjet.com](http://www.ysjet.com)) is the number one ranked FBO in Big Sky country and the highest rated facility in the Northwest United States. Yellowstone Jetcenter provides charter arrangements through Voyager Jet Center ([www.voyagerjet.com](http://www.voyagerjet.com)), a Pittsburgh, PA, based affiliate, on Voyager Jet Center

certificate V0JA087M. Voyager Jet Center is one of only 65 out of approximately 2,400 Part 135 operators in the United States to be awarded the ARG/US Platinum rating, the highest-level safety audit rating awarded within the private aviation industry and widely recognized as the ultimate validation of excellence in operational practices and flight safety standards.

**About Yellowstone Jetcenter:**

Yellowstone Jetcenter, the private aviation Fixed Base Operator serving all of southwest Montana from Gallatin Field in Belgrade, MT, provides exceptional service and maintenance, advanced airfield facilities, 95,000 square feet of hangar space, exceptional pilot facilities including a conference room and flight planning room, lounge, sleep room, and shower and workout facilities. Yellowstone Jetcenter provides Jet A and Avgas and awards Avfuel AVTRIP points. Yellowstone Jetcenter is an FAA-Certified Repair Station and a William Rolls Factory Authorized Service Center. Yellowstone Jetcenter is rated in the top one percent of all FBOs in the US by readers of *Aviation International News*, and was the site of President Obama's August 14, 2009 Town Hall Meeting. For more information, please visit [www.ysjet.com](http://www.ysjet.com) or call at 800-700-5381.

**About Voyager Jet Center**

Voyager Jet Center, based in West Mifflin, PA, is a leading private aircraft management and services company with a Fixed Base Operation (FBO) at Allegheny County Airport (AGC), the private aviation hub for Pittsburgh and western Pennsylvania. VJC provides full management services, executive aircraft charter, and acquisition services nationally, with a concentration in the tri-state region of Pennsylvania, Ohio and West Virginia, and fueling, maintenance and hangar services at Allegheny County Airport. Voyager's fleet consists of a wide selection of aircraft and manufacturers, including Hawker, Bombardier, and King Air products. VJC managed aircraft operate on Voyager Jet Center certificate V0JA087M. For more information about Voyager Jet's fleet or private aviation services, please visit [www.voyagerjet.com](http://www.voyagerjet.com), or call (412) 267-8000.
